POLMLEK GROUP

Polmlek Group - is the largest private dairy company in Poland with 100% Polish capital. It has been successfully implementing its strategy for **over 30 years** and is gaining more and more market share, especially thanks to canvassings. **15 production plants**, many warehouse spaces, **5.000 qualified employees**, unique recipes, modern technologies, good logistics facilities - this is how the Polmlek Group can be briefly described.

On 1 October 2015, Polmlek Group expanded its product portfolio by adding juices, nectars and soft drinks under the well known Polish brands: **Fortuna**, **Garden**, **Pysio** and **Sonda**. In April 2019 Polmlek Group took over **Lacpol**. This acquisition has been dubbed the takeover of the decade.

After 2022, additional plants in Goliszew, Warlubie, Końskie, and Szczekociny join the Polmlek Group, along with **Jibal** in Morocco. Africa is currently the fastest-growing market.

Polmlek Group buys **4.500.000 litres** of milk from Polish farmers everyday while continuously looking for new suppliers able to offer competitive terms of cooperation.

Polmlek Group offers a wide range of dairy products: Dutch and Swiss type cheeses, mozzarella, cheese spreads, curd cheeses, creams, yoghurts, butters, UHT milk, powdered milk and other.
